Cookies policy

Use of cookies

Cookies are small text files that are placed on your computer by websites that you visit and help to ensure the normal and secure functioning of the website. They allow you to collect information about products that are interested, as well as take into account the navigation used during the visit. We use cookies to make our site better and our online offers more profitable for users.

AKRIKHIN JSC respects the privacy rights of website visitors and recognizes the importance of protecting their personal data. Analysis of information from the website is anonymous.

When visiting website, the Internet browser of each visitor sends certain information to the web server of AKRIKHIN JSC: the date and time of the visit, browser type, language settings, operating system. Information about how the site is used will not include full IP address. This information is stored in connection logs for a limited time to ensure the security and proper operation of the website, as well as to collect statistical information.

We use two categories of cookies: cookies, which are necessary for technical purposes, without which the functionality of our website will significantly decrease, and optional cookies.

You can disable cookies at any time or configure your web browser to warn you any time when web site sends these files to you. If cookies are disables in your web browser you will not be able to use all the functions of our websites.

Optional cookies

On the website, we use our own cookies, which help us understand how to make services more attractive to visitors. Files of optional cookies help to find out how long you have viewed a page or which pages you have visited.

Third party technical cookies

In addition, we use technical cookies from other companies. These files help us recognize you on the websites of other companies and display personalized content on these websites.
